Dear Carl,

Well, it isn't too often that we get reception reports on our FM station. KYYZ runs 100,000 watts erp with a real nice HAAT for this community.

Your reception report is accurate and we appreciate your letter. It continues to be common for us to receive letters of reception on KEYZ as you wrote to us back in the '60's... The studios for KEYZ and KYYZ are right across the hall from each other in the same building! KYYZ went on the air for the first time in December of 1979.

Sincerely,

Earl R. Gross
